

Table of Contents

1. Introduction.....	3
2. Role of Aerodynamics in Airplane Design.....	4
3. Airplane Cruise Performance.....	6
4. Airplane Takeoff and Landing Performance.....	8
5. Drag Reduction Technologies.....	9
5.1 Skin Friction – Laminar Flow.....	9
5.2 Skin Friction – Turbulent Flow.....	11
5.3 Induced Drag.....	12
5.4 Form Drag.....	14
5.5 Wave Drag.....	15
6. Evolutionary and Revolutionary Transport Airplane Concepts.....	16
7. Conclusions.....	18
References.....	18
Figures.....	22
